About Socialbakers

With more than 300 employees located in 11 offices throughout the world, Socialbakers is the fastest growing social media and digital analytics company globally with customers in 100 countries representing every continent.

Defined by rapid product innovation and relentless dedication to customer success, Socialbakers has close connections with key social and digital companies like Facebook, Twitter and Google. Socialbakers is the only global solution that allows brands to measure, compare, and contrast the success of their social media campaigns with competitive intelligence. Recognizing the utility of Socialbakers' products, Facebook has awarded Socialbakers 3 Preferred Marketing Developer badges.

Job Description

We are looking for a new colleague to our Quality Assurance team.

Key Responsibilities

> Shaping QA strategy for products with UI/backend architects and teams
> Supporting & educating developers and testers
> Building & Maintaining internal testing platform

socialbakers

Skills/Qualifications

> Excellent knowledge of JavaScript, familiar with more than one language and programming paradigm

> Strong understanding to how modern web apps are made and run - from HTTP request to how React works

> Experience in building web apps is mandatory - you won't be sitting in ivory tower issuing orders but directly working with developers in the front line

> Basic knowledge of linux and windows automatization. Meaning you be writing scripts and setting up test environments etc

> Good communication skills - this jobs is not marketing, but you will have to 'sell' your ideas and properly explain strategy to developers as well as to non-developer stake holders

> Team player

> Experience in Scrum SW development process is advantage

> Passive English, fluent Czech or Slovak

What do we offer

> Modern technologies and work environment

> Internal hackathons and team-building activities

> Professional growth through knowledge sharing, meetups and conferences

> Occasional home office

> Flexible working hours
