About Socialbakers

With more than 300 employees located in 11 offices throughout the world, Socialbakers is the fastest growing social media and digital analytics company globally with customers in 100 countries representing every continent.

Defined by rapid product innovation and relentless dedication to customer success, Socialbakers has close connections with key social and digital companies like Facebook, Twitter and Google. Socialbakers is the only global solution that allows brands to measure, compare, and contrast the success of their social media campaigns with competitive intelligence. Recognizing the utility of Socialbakers' products, Facebook has awarded Socialbakers 3 Preferred Marketing Developer badges.
